

Art FORM offers unique projects featuring arts education with creative reuse.

Art FORM is proud to partner with Girl Scouts and we offer a few choices of how troops can spend their time getting creative, while helping the environment.

Group workshops can be scheduled on selected week day afternoons, minimum day-from-school-afternoons for troops with same-school kids, or on Saturday afternoons between 3-5pm.

Swap and Shop-Creative Reuse Style!

Visit Art FORM and find out what Creative Reuse is all about with brief tour, easy make and take project and shopping in the Art FORM store. Create unique swaps from recycled materials, and get supplies for your next project or to continue creativity and art at home or school. Cost includes small bag or box of creative reuse materials or art supplies. Additional supplies are available for purchase for a low cost donation.

75 minutes/\$15 per person

Scout Out the Possibilities with Creative Reuse

Schedule an art workshop and create a specific project or work towards an Art Badge using a few techniques. Work with mixed media or singular material based on seasonal, cultural, or historical art themes, or match steps needed for earning an Art Badge.

90 minutes/\$20 per person

In-Depth Art Project or Process with Creative Reuse

Schedule a tailor-made art workshop and create a specific, more detailed project or a group piece for the troop to share in. Choose from a large variety of creative reuse materials and spend more time working on your process/project.

120 minutes/\$25 per person

We recommend scheduling your workshop at a minimum of 6-8 weeks in advance, however, we prefer booking several months in advance as springtime is very busy.
